**Re. Letter of Reference for Kris Trudeau**

The Young Professionals Comox Valley (YPCV) is a relatively new group that was started in November 2011 to promote social interaction, professional development, and community involvement for local leaders under the age of 40. Today, it has over 70 official members, and has had events with attendance over 150 people. As with many new groups and businesses, we needed key people to assist with many areas of the group, one being the development of a brand. We were very fortunate to have Kris Trudeau join as a board member and volunteer.

During the past year, Kris has been integral in the development of the YPCV brand that is widely regarded amongst all Vancouver Island Young Professional groups and other community groups as outstanding. Kris and her business – Pixelpoint Design and Consulting provided us with a logo that exceeded our expectations. From there, Kris was able to take key elements from the logo design and carry it through to our letterhead, banners, membership cards and forms – all of which were a combination of effective and extraordinary in their presentation.

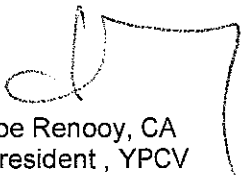

In addition, Kris regularly provides graphic design assistance for our special events. These typically require quick turnaround times, however Kris' attention to detail and design performance never faltered. She adds a level of professionalism and attention to detail that all businesses need.

In addition to her volunteer work, Kris is also a very active member of the YPCV. She attends most of the events held and often assists with the legwork required before and after the event. She is a key contributor to the group and is widely respected.

On a personal level, Kris is a great person to work with, and is a warm, smart, and caring individual. I would have no problem referring Kris to anyone who requires the services she can provide.
